THE CITY IS HEALTHY.

Bradfield Says the Sanitary Condition is Good.

tion is Good.

Dr. Bradfield, health officer, in speaking about the condition of the city generally as in the prevailence of contagious diseases said: "For this time of the year there are comparatively few contagious diseases. The number seems to have reached a minimum. This, of course, is due in a great measure to the excellent sanitary condition of the city which every new newer betters. The grip has nearly left us. While it was here it carried off a good many whose physical condition was such that they could not atsaid it. It takes considers he more vitality than an aged person process to stand the grip. The water commend in the city is about as good as that anywhere. Most of the cases reported are from those districts where city water is not used at all, but where the people are provided with pumps."

Dangerous Practice.

Miner Grand Rapids Heraid

I beg privilege to use a small space in your valuable paper to condemn the manner in which small boys are allowed to jump on and off moving rains. Sunday afternoon as I waralking up the D., G. H. & M. railroad rack I noticed from tweive to fifteen sys, ranging in years from eight bourteen, engaged in this very danger up practice. Now, it seems to me than his should be stepped, and I would be stepped, and I would be stepped, and I would be to magnet that our superintendent police station a few policemen in the ifferent railroad yards of this city and exputure these youthful offender-refere you are called upon to chronich and death of some one of then maked by the above practice.

This demaniae presention seems power-less to accumulate the good points; it can only accumulate the bad. It seems to be a kind of sudden reversion to the inhuman and unreasoning beast, the sight of which strikes a responsive chord in every human being asar it and awakens in him an ac-curring and instinctive dread or ferosity.—London Spectator.

And now the girls are bending their intellects to displaying their individuality on their stockings. The moneyed girl has the dellar sign wrought upon her hose. The musical girl indulges in sharps and flats; the artist shows the brush and palette: the flirt chooses bright red hearts. Geographical location, too, is not neglected. It is said that the Cincinnati girl proudly displays tiny silken pigs upon her stockings; the Chicago girl has a motto, "We've captured the bun," or "The World's fair is ours," while the Boston girl, true to her heart's affection, displays a row of tiny brown beans around her ankle.

Something You Need.

Something You Need.

If you are nek and have not been helped, why do you not write a full description of your case to the great specialist in curing nervous and chronic diseases, Dr. Greene, of 35 W. 14th street, New York, known everywhere as the discoverer of Dr. Greene's Nervura, and who is without doubt the most successful physician in the cure of all long-standing complaints?

Consultation in all cases is entirely free, personally or by mail. Thousands consult him by letter, and ne returns an answer to all perfectly explaining their diseases, giving advice, etc., without charge.

their diseases, giving advice, etc., without charge.

His success in curing diseases by his marvellous vegetable remedies is simply wonderful, and he has made a specialty of the cure of persons at a distance through letter correspondence and treatment. In this manner thousands of people have been and thousands more are being cured, and we should advise you, if you desire a sure cure from your disease, to immediately write him all about your case. It will cost you nothing to get his very valuable advice.

MARSHMALLOW SOAP 10 Cente Per Cake,

This seep is manufactured by Soion Paimer.
New Yory. It is not made of tailow, but of French pomade. These pomades are used in making Paimer's extracts for the handkerchiefs. After the oder is washed from them by means of apirits, the residue pomade is manufactured into soap. Of course the supply of pomade is limited and the output of the soap small; but the quality is the best of any soap in the market, because the pomades are composed of the fluest materials and are used for extracting the odor from the flowers. Each cake weighs five outcast. The sude are free from the sikaline nature so injurious to tender hands and faces. We have had it branded Marshmallow, to distinguish it from inferior soaps. It cannot be purchased in the dry go destores, as the trade-mark "Marshmallow," by mutual agreement, belongs to Peck Bres., and we decline to sell it at wholessie. Try a box of the Marshmallow Soap and decide upon its merits. We for three cakes.
